Resolution to Approve a Purchase Order to Washtenaw County for City’s FY2010 Portion of Shared Technology Services (\$102,130.00)

Attached for your review and action is a resolution to approve a Purchase Order with Washtenaw County for the City of Ann Arbor’s FY2010 portion of shared technology services including storage area network access, enterprise content management hardware and software maintenance, and internet connection services. By sharing the costs for these common technologies, the City and County are collectively lowering the taxpayer costs for technology.

The OnBase enterprise content management hardware and software provides services for searching and locating documents, integrating electronic documents into workflows, including electronic signatures, and managing the electronic document lifecycle from creation to destruction. The OnBase support costs, split evenly between the City and Washtenaw County, cover hardware and software maintenance and replacement costs on the enterprise portion of the enterprise content management system both organization use.

The shared EMC storage area network provides the City with access to a common storage platform that allows further City/County technology collaboration and consolidations, access to a robust backup and recovery infrastructure and generally lowers the City’s Total Cost of Ownership for this type of platform.

The shared Merit internet connection optimizes the costs associated with providing internet connectivity by leveraging common hardware, network infrastructure and services.

The City’s portion of shared technology costs are broken down as follows:

- Merit Internet Connection - \$27,130.00
- EMC Storage Area Network Access - \$50,000.00
- OnBase Hardware and Software Maintenance - \$25,000.00

Prepared by Dan Rainey, Director, Information Technology Service Unit

Reviewed by Tom Crawford, CFO and Financial and Administrative Services Administrator

Approved by Roger W. Fraser, City Administrator

Whereas, The City of Ann Arbor Information Technology Service Unit and the Washtenaw County Information Technology Department have a history of successful collaboration;

Whereas, The City of Ann Arbor and Washtenaw County desire to continue to find opportunities for collaboration;

Whereas, The City of Ann Arbor Information Technology Service Unit and the Washtenaw County Information Technology Department have certain common technology needs;

Whereas, Partnering with Washtenaw County in sharing common technology services reduces the technology costs of both organizations; and

Whereas, Funding for this shared technology is planned for and budgeted in the FY2010 Information Technology Fund and planned for in the FY2011 Information Technology Budget;

RESOLVED, That the City Council approve a Purchase Order with Washtenaw County, for the City of Ann Arbor's FY2010 portion of shared technology services, in the amount of \$102,130.00;

RESOLVED, That the City Administrator be authorized to take all necessary administrative actions to implement this resolution.
