Resolution Authorizing Change in Interest Rate for Improvement Charges for 3980 Platt Road  
 Your approval is requested to adjust the interest rates charged for sanitary sewer and water improvement charges on the property known as 3980 Platt Road. Council previously approved Resolution 14-171, which approved the sanitary sewer and water main improvement charges and incorrectly set the interest rate for both charges at 5.37%.

Based on the most recent applicable bond sales and the nature of these improvements, the interest rate for these improvement charges should be reduced. The sanitary sewer portion should accrue interest at 3.393% interest per annum on the unpaid balance. The water main portion should accrue interest at 2.999% interest per annum on the unpaid balance.

It is therefore recommended that Council approve the reduction of interest rate for these improvement charges according to the terms described above.
