Resolution to Approve Purchase of Quicklime for Water Treatment from Carmeuse Lime Inc; Beachville Bid No. ITB-4095 (estimated \$651,000.00/yr)  
Your approval is requested to authorize the purchase of quicklime for the Water Treatment Services Unit. The Water Treatment Plant uses quicklime as the most cost effective method for softening the drinking water. The estimated cost of this chemical for FY2011 is \$651,000.00.

The only bid received was:

Carmeuse Lime Inc; Beachville - \$166.91/ton + \$20.60/ton during weight restrictions

It is recommended that the resolution be approved to satisfy the Water Treatment Service Unit's requirement of quicklime for FY2011 from Carmeuse Lime Inc in Beachville, Ontario as the lowest responsible bidder.

It is also recommended that the purchasing agreement be extended for up to three additional years at no increase in cost if the vendor is agreeable, and if the City deems it to be in its best interest.

Funds are specifically budgeted for this purchase in the approved FY2011 Operations and Maintenance Budget for the Water Supply System.
