Farmers Market Operating Rules - Proposed Change to Vendor Application Update Procedures  
Currently, the yearly procedures as outlined in section III.1.A states:

Annual Vendors and existing Daily Vendors must have completed a vendor application or application update for the upcoming fiscal year by March 1st. Applications and updates shall include a list of all products that will be offered for sale at the Market, copies of all current licenses and inspections pertaining to the business and operations of the vendor, a signed and notarized affidavit, and other relevant information as determined by the Market Manager. Vendors whose application or application update is not received by the Market Manager by March 1st shall forfeit their vendor status effective July 1st of the upcoming fiscal year. Any vendor who has missed the application or update deadline may reapply at any time as a new Daily Vendor with a new seniority date.

The current procedure requires all application updates to be notarized. As this requirement is unnecessary for market vendors because each vendor is already required to have the yearly application notarized, we are proposing the following changes to the identified section:

Annual Vendors and existing Daily Vendors must have submitted a vendor application for the upcoming fiscal year by March 1st. Applications shall include a list of all products that will be offered for sale at the Market, copies of all current licenses and inspections pertaining to the business and operations of the vendor, a signed and notarized affidavit, and other relevant information as determined by the Market Manager. Any changes or updates to the yearly application must be submitted on a Vendor Application Update Form and approved by the market manager prior to the date on which the changes take effect. Vendors whose application is not received by the Market Manager by March 1st shall forfeit their vendor status effective July 1st of the upcoming fiscal year. Any vendor who has missed the application deadline may reapply at any time as a new Daily Vendor with a new seniority date.

These changes will help to eliminate an unnecessary notarization process for vendor application

updates, which will be considered a valid addition to the vendor's most recently approved and notarized application on file.

These proposed rule changes have been shared with and endorsed by the Public Market Advisory Commission. Staff recommends that Council accept the proposed rule changes.

Per Chapter 31 of the City Code, the Community Services Administrator may promulgate Market operating rules relating to the operation and management of the Market. The operating rules shall take effect 30 days after they are filed with the City Clerk, unless City Council acts by resolution to change the operating rules. The updated rules for the Public Market were filed with the City Clerk on August 19, 2013 and have been reviewed by the City Attorney's Office.
