All the properties shown on the attached list may now benefit from the new city utility services.

Those properties that are designated as the "Land Inside the City" must connect to the City utilities within 90 days from receiving our notice, which will be issued after the approval of the attached resolution. The properties that are not in the City will be required to connect to the City utilities at the time of annexation and will pay the improvement charges that are in place at the time of connection.

With the approval of the attached resolution and a notice from the Project Management Unit to the properties in the City, the City Treasurer's office will begin the process to apply the 2011 Fixed Sanitary Sewer Charges to the properties in the City.
