Resolution Authorizing Water and Sanitary Sewer Capital Recovery Charges for 3039 Stone School Rd.

Your approval is requested to levy water capital recovery charges totaling \$2,696.00 and sanitary sewer capital recovery charges totaling \$5,982.00 on the property known as 3039 Stone School Rd.

City of Ann Arbor Code section 1:278, Chapter 12, requires the property owner to pay the property's share of the existing utilities through the City Capital Recovery charge. The \$2,696.00 Water Capital Recovery Charge is to be levied and then made payable in 3 annual installments and will accrue interest at 5.035687% per annum on the unpaid balance. The \$5,982.00 Sanitary Sewer Capital Recovery Charge is to be levied and then made payable in 5 annual installments and will accrue interest at 3.06468% per annum on the unpaid balance.

The water main was constructed by the City in 2002.

The sanitary sewer main was constructed by the City in 1960.

A credited recovery charge applies for a parcel that was part of the city before 2004, or whose parent parcel was part of the city before 2004, and connects to a utility main built before 2004. This parcel was in the City of Ann Arbor prior to 2004.

It is therefore recommended that City Council levy these capital recovery charges according to the terms described above.
