Resolution to Authorize Special Event Provisions and to Approve Street Closings for the Relevent Sports International Champions Cup Soccer Game on July 30, 2016

Attached for your consideration is a resolution authorizing limitations on solicitor/peddler permits and sidewalk occupancy permits, allowing outdoor sales and the parking of motor vehicles in the front open space of private properties in the vicinity of Michigan Stadium and authorization for street closures for the International Champions Cup Soccer Game.

Relevent Sports, the applicant, has contracted with the University of Michigan for use of Michigan Stadium for the International Champions Cup Soccer Game. The City has been working with the applicant and University staff to coordinate security and logistics for this event. City staff anticipates that this event will be similar to a University of Michigan football game, and recommends that Council apply relevant City Code provisions for vending and parking to ensure a safe and well-ordered event.

Chapter 47 (Streets) and Chapter 79 (Solicitors and Peddlers) allow Council to determine by resolution that on certain dates congestion in a part of the City will be too great to permit peddling and soliciting and sidewalk occupancy. Approval of this resolution will make invalid any current peddler/solicitor and sidewalk occupancy permits for the Michigan Stadium area on that day and direct staff to not issue any new permits for this area as shown on the attached map.

City staff anticipates that temporary outdoor sales and parking of motor vehicles in the front open space of nearby properties will be desired by the community during this event. Chapter 55 (Zoning) allows for City Council, by resolution, to designate special event temporary outdoor sales areas, with appropriate conditions and standards. Chapter 59 (Off-Street Parking) allows for the prohibition on front open spaces parking to not apply on special event dates designated by City Council.

Further, this resolution seeks approval of the closing of the following:

- E. Keech Street between S. Main and Greene streets, limiting access to parking permit holders on Greene Street from East Hoover to Keech streets
- The westbound right turn lane on E. Stadium Boulevard (onto S. Main Street) just south of the Michigan Stadium,
- S. Main Street closed to both local and through traffic from Stadium Boulevard to Pauline

These closures would be effective three hours before the game to the end of the game, with the exception of south bound S. Main Street which will be closed beginning one hour before the game to the end of the game. These streets have been closed for each University of Michigan home football game since 2013.

Vehicle access from the neighborhood streets onto the closed area of S. Main Street would be either prohibited or restricted at police controlled access points depending on the street to accommodate people needing ingress or egress to properties fronting S. Main Street that have no side street access. The closed portion of these streets will remain available for pedestrian use and emergency vehicle response to the area.

The applicant agrees to obtain all necessary permits, to provide evidence of proper liability insurance as required, to comply with all City regulations governing the use of the streets, and will reimburse the City for all event expenses.
