Resolution to Award a Contract to Crimboli Nursery, Inc. for the Purchase, Delivery and Planting of Trees along City Street Rights-of-Way (\$331,400.00; Bid No. ITB-4533)

Attached for your review and action is a resolution to authorize the awarding of a contract to Crimboli Nursery, Inc. in the amount of \$331,400.00 for the planting of trees along City street rights-of-way until June 30, 2020.

ITB-4533 was issued on BidNet for Street Tree Planting, which included the purchase, delivery, and planting of 1,000 trees along City street rights-of-way, and a one-year guarantee. Two bids were received and opened on May 1, 2018. Crimboli Nursery, Inc., with a bid of \$331,400.00, was the lowest responsible bidder.

The 1,000 street trees to be planted as part of this project will be planted in areas identified in the FY2019 Tree Planting Plan. The Tree Planting Plan, which was included as part of ITB-4533, is attached. Trees provide many environmental, social and economic benefits to the city, including decreasing the quantity of stormwater runoff and improving the quality of the run-off that reaches local lakes and streams. According to a 2009 street tree analysis, Ann Arbor's public trees intercept an estimated 65 million gallons of stormwater each year.

### Sustainability Framework

The work completed through this contract will help to achieve tree canopy targets identified in the Urban and Community Forest Management Plan, adopted by City Council in June 2014 (R-14-0696). In addition, it will help further goals in the City's Sustainability Framework, including Sustainable Systems, Clean Air and Water and Healthy Ecosystems.

### Budget/Fiscal Impacts

City of Ann Arbor street tree planting has been identified as an eligible project for funding through the Michigan Department of Environmental Quality's State Revolving Fund (SRF) loan program. The Washtenaw County Water Resources Commissioner (WCWRC) has secured this low-interest loan on behalf of the City, which will reimburse the City's Stormwater Fund for its share of the project. This project may be eligible for loan forgiveness. The WCWRC will be assessing the City over a maximum of 20 years with annual installments not to exceed \$22,500.00. The first payment is included in the approved FY19 Stormwater Fund Operations and Maintenance Budget.

The resolution also includes a request for a 5% contingency in the amount of \$16,570.00 to cover potential change orders to be approved by the City Administrator.
