Resolution Approving a Grant of Easement to MichCon for Sanitary Sewer (Located at Broadway Park) (8 votes required)

There is a resolution before you to approve a grant of easement to Michigan Consolidated Gas Company (MichCon), a Michigan corporation, for the construction and maintenance of a sanitary sewer lead located in Broadway Park.

An existing sanitary sewer lead partially located in Broadway Park was discovered as part of the remediation work for the MichCon site at 841 Broadway. The Planning and Parks departments want the lead to remain in place for potential future use.

The terms, conditions, and location of the grant of easement have been reviewed and approved by all required City service areas. MichCon is required under the terms of the grant to file copies of "as built" drawings with the City and copies of all permits required in connection with construction and maintenance activities thereafter with the Parks Manager. Uninterrupted access to the park must be maintained at all times under the terms of the easement.

Approval of the grant of easement is recommended.
