Resolution to Approve an Increase to the Purchase Order with Core and Main LP for the Purchase of Utility Infrastructure Materials (\$100,000.00)

Attached for your review and consideration for approval is a resolution authorizing an increase to the purchase order with Core and Main LP for up to \$100,000.00 for the purchase of utility infrastructure materials.

Public Works competitively bid "Utility Infrastructure Materials ITB-4554" in November 2018. Core and Main LP was the successful bidder and on January 22, 2019, City Council approved R-19-025 authorizing the contract for the purchase of utility infrastructure materials for an amount not-to-exceed \$333,287.32.

Due to increased maintenance activity, Public Works has been purchasing materials commonly used in maintenance, repair and replacement of water, sanitary sewer, and stormwater infrastructure in quantities that will exceed the current approved spending authority. An increase is requested at this time to ensure enough funds are available to cover necessary expenses for the remainder of the fiscal year.

Budget and Fiscal Impact: Funding is available in the approved FY20 Water Supply System, Sewage Disposal System and Stormwater System Operations and Maintenance budgets.

Core and Main LP complies with the City's Non-Discrimination ordinance.
