Due to the COVID-19 pandemic, Governor Whitmer, Washtenaw County Public Health, and the Michigan Department of Health and Human Services have issued Orders aimed at safeguarding public safety. These include mandates requiring minimal physical distancing. A set of strategies and programs have been set forward outlining how downtown Ann Arbor streets, sidewalks, and public parking lots can be utilized during this pandemic period to support economic recovery and build a more resilient community, including supporting physical distancing, encouraging patronage of downtown businesses, and reinforcing core values of safety, mobility, equity, and downtown vitality. The four downtown area associations provided detailed plans for the street blocks in their area they wish to see completely or partially closed for periods of time to create more space for pedestrians and businesses whose seating or sales capacity has been restricted by state and county mandates.
