Project Description

The existing water mains along Third and Mosley Streets between Main Street and Madison Street are in poor condition and undersized, and thus are in need of replacement. This project will replace the existing water main with approximately 1,710 feet of new water main. The condition of the street surfaces are also in poor condition, and therefore also included in this project is the resurfacing of the streets, replacement of some curb and gutter, and Americans with Disabilities Act (ADA) compliant sidewalk ramps. The construction of the project is scheduled to begin in April of 2022 and to be completed in July 2022.

Bailey submitted all required Responsible Contractor Criteria, Non-Discrimination, Prevailing Wage, Living Wage, and Conflict of Interest Disclosure forms; and complies with the requirements of the City's Responsible Bidder, Non-Discrimination, and Living Wage ordinances.

Budget/Fiscal Impact: The current Capital Improvements Plan (CIP) includes funding for the Third & Mosley Water Main and Resurfacing Project (UT-WS-16-05). Total project costs are estimated to be \$1,725,000.00 with an estimated spending split of 75% Water Supply System funding and 25% Street, Bridge, and Sidewalk funding.
