Resolution to Approve the Weber Area Plan, 2857 Packard Road (CPC Recommendation: Approval - 6 Yeas and 1 Nays)

This resolution will approve the area plan for 56 lots proposed to be rezoned from R1C (Single-Family Dwelling District) to R1E (Single-Family Dwelling District). A petitioner must submit an area plan with a rezoning request to show conceptual development of the area to be rezoned. Site plan approval is required before any of the development shown on the area plan may be constructed.

Petition Summary:

- Fifty-six single family lots are proposed on one parcel. Access is proposed off two curb cuts leading from Packard Road. Each proposed house has a maximum size of 2,000 square feet as required in the R1E zoning district. As currently proposed, the residential density is 7 dwelling units/acre.
- The purpose of the area plan is to demonstrate that the property could be developed consistent with the requested zoning classification.

The City Planning Commission, at its meeting of September 7, 2016, recommended approval of the area plan request.
