Resolution to Approve State Street Center Site Plan, 3945 South State Street (CPC Recommendation: Approval - 8 Yeas and 0 Nays)

Attached is a resolution to approve the State Street Center Site Plan. Approval of this resolution will allow for the construction of two retail buildings totaling 8,490 square feet constructed in one phase.

### Petition Summary:

- The Site Plan proposes demolishing the 840 square foot house on site and constructing a one-story, 1,700 square foot restaurant with drive-thru facilities facing South State Street and a one-story, 6,790 square foot retail building behind the restaurant.
- The petitioner addressed issues raised by the Planning Commission by showing a possible future connection with the property located south of this site and extending a standing seam roof on the rear building. These two changes have been added to the site plan.

The City Planning Commission, at its meeting of April 2, 2013, recommended approval of the proposed rezoning to C3 and this site plan request.
