Resolution to Approve 2625 Jackson Retail and Drive-Thru Site Plan, 2625 Jackson Avenue (CPC Recommendation: Approval - 6 Yeas and 0 Nays)

Approval of this resolution will allow for the construction of a one-story retail building with a single-lane drive-thru facility.

Petition Summary:

- The Site Plan proposes to demolish the existing service station on the site and construct a single-story retail center totaling 5,000 sq. ft. with a drive-thru facility.
- The drive-thru facility complies with zoning and off-street parking requirements in that it is not located in the front setback, and the vehicular circulation to enter and exit the facility does not impair the general circulation on site or with pedestrian circulation on or off the site.
- Seven parking spaces will be shared with the adjacent shopping center.

The City Planning Commission, at its meeting of June 17, 2014, approved a special exception use for the proposed drive-thru facility. The Planning Commission also recommended approval of the site plan request.
