File #: 12-0784, **Version:** 1

DTE Buckler Substation Site Plan for Planning Commission Approval - A proposal to construct a new substation on the east side of 984 Broadway Street. A total of 800 cubic yards of fill is proposed to be added on the 0.45 acres site in the floodplain of the Huron River, which is proposed to be offset by removal of 1204 cubic yards of material up-stream from the site. A variance from the conflicting land use buffer requirement is being requested to allow the landscape buffer to be planted on the adjoining Riverside Park property. Staff Recommendation: Approval
