Resolution to Approve 2800 Jackson Road Hotels Site Plan and Development Agreement, 2800 Jackson (CPC Recommendation: Approval - 8 Yeas and 0 Nays)
Approval of this resolution will allow for the construction of two new hotels and associated parking, landscaping and stormwater improvements.

Petition Summary:

- The Site Plan proposes to construct two new hotels: Aloft a four-story, 69,442-square foot, 128-room hotel; and Home 2, a four-story, 63,295-square foot, 107 room hotel. The site plan proposes a 237 space parking lot accessed via two curb cuts, eight Class A bicycle spaces (four for each building) and 4 Class C (two for each building). There will be a total of four EV charging stations provided on the site, two near the entrance to each hotel. Storm water treatment for the site will consist of rain gardens and underground storage with infiltration.
- A development agreement has been prepared to address sidewalk contribution for neighboring property.
- The petitioner addressed issues raised by Planning Commission by modifying a driveway for right-turn only, replacing certain landscape plants with more appropriate species and modifying the front facing Jackson road elevation to increase architectural distinction.

The City Planning Commission, at its meeting of June 16th, 2020, recommended approval of this request.
