Resolution to Approve Amendment No.1 to the Annual Software Support, Maintenance and License Fees Agreement for AclaraONE with Aclara Technologies LLC (\$19,420.82, Total Contract not to exceed \$240,028.18)

Your approval is requested for Amendment No.1 to the annual software support, maintenance and license fees for AclaraONE with Aclara Technologies LLC.

Council resolution R-19-512 approved annual software support, maintenance and license fees for five years to Aclara Technologies LLC for AclaraONE. AclaraONE is used to read water meters remotely. During installation, the project team elected to utilize the Aclara Wireless Network (AWN) to send meter reads to the office from the data collector units positioned throughout the City. The original maintenance agreement failed to include the language authorizing this. In addition, Public Works needs to begin phasing in mobile programming software. The current meter programmers are no longer being made and there are no more spare units available.

Amendment No.1 to the Aclara software license agreement authorizes both the use of the AWN and the Mobile Programmers. Fees for the mobile programmers and the AWN with 5% yearly increases after year two of the agreement are listed below.

Agreement Year	Period	AWN Fee	Wireless Coils	Setup Fee	Programmer Fee
Partial	Jan 20-Aug 20	\$960.00			
Year 1	Sep 20-Aug 21	\$1,440.00			
Year 2	Sep 21-Aug 22	\$1,440.00			
Year 3	Sep 22-Aug 23	\$1,512.00			
Year 4	Sep 23-Aug 24	\$1,587.60	\$2,205.00	\$2,822.70	\$2,822.70
Year 5	Sep 24-Aug 25	\$1,666.98			\$2,963.84
	Totals	\$8,606.58	\$2,205.00	\$2,822.70	\$5,786.54

Budget/Fiscal Impact: Funds for this purchase are available in the approved Water Supply System and Sewage Disposal Operations and Maintenance Budgets. Future fiscal years are subject to budget approval by City Council.

Aclara Technologies LLC complies with the requirements of the City’s Non-discrimination and Living Wage ordinances.
