Recommendation: Approval - 8 Yeas and 0 Nays)

Approval of this resolution will allow for the construction of a one-story, 5,004 sf financial institution building with a drive-thru facility.

Petition Summary:

- The Site Plan proposes to construct a one-story, 5,004 sf financial institution building with a drive-thru facility at the rear of the building on an existing parking lot. Access to the building will be through an existing driveway that will be shared with the building to the rear.
- Associated with this request, the property owner is requesting a land division to create a new parcel; vacation of a public easement along S. State Street; and rezoning of a portion of the parent parcel from M1(Limited Industrial) to O (Office).

The City Planning Commission, at its meeting of September 3, 2014, approved a Special Exception Use for the drive-thru facility. At that meeting, the Planning Commission also recommended approval of the site plan request, subject to 1) recording of cross access easements; 2) approval of a land division; 3) approval of administrative amendments to the parent site plan and the State Street Commons I site plan north of this site; and 4) vacation of roadway rights across 2727 S. State Street.
