Resolution to Approve a Professional Services Agreement for Construction Materials Testing with Material Testing Consultants, Inc. for the Dexter Avenue Improvements Project (RFP No. 810, \$58,420.00)

Attached for your review and approval is a resolution to authorize a Professional Services Agreement with Material Testing Consultants, Inc. (MTC) for construction materials testing services in the amount of \$58,420.00 for the Dexter Avenue Improvements.

This project consists of the full reconstruction of Dexter Avenue from Maple Road to Huron Street, including replacement of the curb & gutter, sidewalk ramps, road base, and pavement. It also includes the replacement and upsizing of the water main and storm sewer.

We received proposals from ten firms for the required construction materials testing services. Project Management staff evaluated the proposals and selected MTC based on the proposal, staff qualifications, past involvement with similar projects, and cost. MTC received Human Rights and Living Wage approval on April 6, 2012.

Services to be performed include all the required testing for soils, aggregates, asphalt, and concrete. A contract contingency amount of \$5,842.00 is also requested for change orders approved by the City Administrator. Funds for the requested services are available in the approved capital budget.
