Attached is a resolution to approve Plymouth Green Crossings Revised PUD Zoning and Supplemental Regulations. Approval of this resolution will a) allow for expanding the number of uses on the ground floor of Building A; b) eliminate the un-built 1 story restaurant from the site plan; and c) increase the maximum number of parking spaces from 275 to 290 spaces.

### Petition Summary:

The revised PUD supplemental regulations will allow parking and special events on the ground level of proposed Building A, a three-story, mixed-use building that will also allow retail and office on the ground floor.

The petitioner is proposing to remove the planned but un-built restaurant from the site plan and replace it with surface parking to accommodate high demand for retail parking.

The supplemental regulations will be revised to increase the maximum amount of parking from 275 to 290 spaces.

The City Planning Commission, at its meeting of August 21, 2012, recommended approval of this request.
