Resolution to Appropriate and Allocate \$200,000.00 in Ann Arbor Housing Trust Funds to the Ann Arbor Housing Commission for the Rehabilitation of 727 Miller and 800 - 890 S. Maple and to Approve the Affordable Housing Agreement (**8 votes Required**)

Attached for your review and approval is a resolution to allocate \$200,000 in Ann Arbor Housing Trust Funds (AAHTF) to the Ann Arbor Housing Commission (Commission) or an affiliated entity to rehabilitate 135 units of affordable housing for low-income individuals. The Commission is converting the property from Public Housing to Project Based Vouchers under the Rental Assistance Demonstration (RAD) program. The remaining funding will be secured through Low Income Housing Tax Credits (LIHTC), the Federal Home Loan Bank and a bank loan.

After the Commission is approved for LIHTC, the Commission will find an investor to purchase the tax credits. The Internal Revenue Service (IRS) requires the Commission or an affiliated entity to form a limited partnership or limited liability company with this equity investor in order to finance the redevelopment of these properties with LIHTC. The Commission has requested that City Council approve the transfer of ownership of these properties to the Commission under a separate resolution. The Commission will own the land and the Commission will execute a long-term land lease with the limited partnership or limited liability company for the improvements (buildings).

Under the RAD program, all existing households, in good standing with their lease, will retain their housing after the units are converted under the RAD program. After the conversion, all new tenants will have household income at 50% of the Area Median Income or less with at least 70% of the households having an income of 30% AMI or less. The majority of tenants are disabled and/or elderly. As the property managers, the Commission will be responsible for the tenant intake, lease-up, compliance, and property maintenance.

The project is a permanent supportive housing project which is consistent with the City's Consolidated Strategy and Plan and the Blueprint to End Homelessness. Services will be provided

by Community Support and Treatment Services, Catholic Social Services, Peace Neighborhood Center and the Veteran's Administration. The AAHC is requesting HUD approval to project-base 20-25 vouchers for homeless veterans at 727 Miller.

The City Attorney's office will review the legal and contractual documents to ensure that the Commission will comply with the requirements in the AAHTF regulations. It will be the responsibility of the Office of Community Development to monitor the Commission for compliance with these regulations.

The Housing and Human Services Advisory Board (HHSAB), at its meeting on January 8, 2013, reviewed the Commission's request and recommended approval of up to \$250,000 in AAHTF funding, contingent on availability. The Office of Community and Economic Development determined that \$200,000 was available from the AAHTF for this project.

The Office of Community and Economic Development recommends City Council allocate and approve the \$200,000 in AAHTF as a grant to the Commission. The Commission will loan the funds to the limited partnership or limited liability company as required by the IRS to secure Low Income Housing Tax Credits. The loan will be less than 1% interest loan to be repaid only if there is cash-flow from the property, and it will be forgiven upon the dissolution of the limited partnership or limited liability company.
