Enactment date	:			Enactment #:		
Title:	Master Plan Review - Once a year, the Ann Arbor City Planning Commission and Planning and Development Services review the City Master Plan. The City Master Plan is a collection of plans, or "elements," that work together to describe a vision for the City's future and guide decisions about its land use, transportation, infrastructure, environment, housing, and public facilities. The adopted plan elements can be found on the City's website at www.a2gov.org/masterplan <http: masterplan="" www.a2gov.org="">. As part of its annual review, the Planning Commission is seeking comments about the City Master Plan, including elements that should be studied for possible change or new elements that should be added to the master plan. This information is important to the Planning Commission in setting its work program for the upcoming fiscal year. Staff Recommendation Postponement</http:>
