Resolution to Approve an Increase to the Sole-Source Purchase Order to Carrier and Gable, Inc. for the Purchase of Traffic Signal Materials (\$100,000.00)

Staff requests your approval to increase the price of the purchase order issued to Carrier & Gable, Inc. by \$100,000.00 for traffic signal materials.

On August 9, 2018, City Council approved resolution R-18-1122, which authorized the purchase of traffic signal materials in the amount of \$627,000.00. Staff requests an additional \$100,000.00 in purchasing authority to support pedestrian improvement projects, including, but not limited to, Rectangular Rapid Flashing Beacons (RRFBs), pedestrian countdown signals, and other devices to improve pedestrian safety.

Budget/Fiscal Impact: Funding is available in the approved FY 2019 Engineering Operations and Maintenance Budget for the additional materials necessary to support increased pedestrian safety projects.

The purchase order is and was sole source because Carrier & Gable, Inc. is the sole area distributor in Michigan and Indiana for the Eagle Signal Company. All City signalized intersections use equipment manufactured by Eagle in order to communicate with the traffic control system. Incidental advantages of sole source supply include: reduced inventory requirements, streamlined purchasing process; and decreased need to train technicians in the installation and maintenance of multiple types of traffic signal products.

Carrier and Gable, Inc. complies with the City's non-discrimination ordinance.
