Resolution to Approve Amendment No. 1 to the Professional Services Agreement with Materials Testing Consultants, Inc. for Material Testing Services for the 2018 Miscellaneous Utilities Projects (\$15,350.00)

Attached for your approval is a resolution to approve Amendment No. 1 to the Professional Services Agreement (PSA) with Materials Testing Consultants, Inc. (MTC) for Material Testing Services for the 2018 Miscellaneous Utilities Projects.

In January 2018, the City received 6 proposals in response to RFP No. 18-02 for material testing services in the 2018 and 2019 construction season. A staff committee reviewed these proposals based on:

- Professional Qualifications (15%)
- Proposed Work Plan (25%)
- Past Performance (40%)
- Fee Proposal (20%)

The committee allocated testing work for the 2018 and 2019 construction seasons among 5 firms. MTC was selected to perform testing on the 2018 Miscellaneous Utilities Project.

Testing services requested by staff from MTC during the 2018 construction season used the initial authorized amount of \$24,650.00 for the following work:

- Sanitary sewer on Stone School Road, Ticknor to Packard
- Sanitary sewer at Hikone, Packard Rd
- Water Main on Brookwood, White St to Packard
- Water Main on Sycamore, White St to Park Place

- Sanitary Sewer on Lenawee and Lafayette

Due to weather, some of the work was suspended until spring 2019:

- Sanitary sewer on S Forest, Roosevelt to Horman Ct.
- Sanitary Sewer and Water Main on Horman Ct, S Forest to Olivia

Budget and Fiscal Impact: The estimated fee to complete the project is \$15,350.00, funding for which is available within the existing project budget. MTC complies with the requirements of the City's Non-Discrimination and Living Wage ordinances.

Prepared by: Nicholas S. Hutchinson, P.E., City Engineer

Reviewed by: Craig Hupy, Public Services Area Administrator

Approved by: Howard S. Lazarus, City Administrator

Whereas, Materials Testing Consultants, Inc. (MTC) provided construction testing services for the 2018 Miscellaneous Utilities Projects per a professional services agreement (PSA) dated June 5, 2018;

Whereas, Construction testing for the utility work on S Forest Avenue, and on Horman Court, will be completed in 2019 under terms of the PSA; and

Whereas, Materials Testing Consultants, Inc. complies with the City's Non-Discrimination and Living Wage Ordinances;
