**Resolution to Approve Amendment No. 1 to the Communications and Dispatching Services Agreement with Emergent Health Partners**

The City and Emergent Health Partners (“EHP”) entered the Communications and Dispatching Services Agreement on July 1, 2013, under which EHP provides Fire Dispatch services. That agreement has been renewed twice and the most current renewal is set to expire on June 30, 2019. Under the Agreement’s terms, it cannot be renewed again without an amendment. The attached resolution seeks approval of Amendment No. 1 to the current agreement, to extend fire dispatch services with EHP at current levels and at current pricing until August 31, 2019 or until the time that the City and EHP execute a new Communications and Dispatching Services Agreement, whichever is earlier. The resolution authorizes the City Administrator to execute any future Amendments to extend the current agreement if needed. Once the parties conclude negotiations for the new Communications and Dispatching Services Agreement, Council approval of that agreement will be required.

EHP complies with the City’s non-discrimination and living wage ordinances.

Budget/Fiscal Impact: Funds for this Amendment have been budgeted and approved in the Fire Administration FY20 budget.

Fire Services recommends approval of this Amendment to maintain fire-dispatch service levels until a new Communications and Dispatching Services Agreement may be executed.
