Resolution to Direct the City Administrator to Review the City’s Policies on Assessing Fees for Freedom of Information Act (FOIA) and Provide Alternatives and Recommendations to Council that Promote Transparency and the Public Interest

While the City of Ann Arbor operates in full compliance with the requirements of the Michigan Freedom of Information Act, City Council is concerned that the imposition of fees for requests from City Council, legitimate media outlets, and community members may impose barriers to the City’s desire to operate openly and transparently. The City Council also respects that the collection of fees is necessary to address the costs of responding to FOIA requests and serves as an influence to prevent abuse of the FOIA process. City Council is therefore directing the City Administrator, as the City official responsible for the FOIA process, to work with the City Attorney to investigate alternatives and provide recommendations to Council within 90 days.
