Resolution Authorizing a Purchase Order to Washtenaw County for the City of Ann Arbor's FY20 Share of the Maintenance of the Shared 800 MHz Simulcast System (\$25,600.00)

Please find attached for your consideration a resolution that authorizes the issuance of a purchase order to Washtenaw County for the FY 20 City of Ann Arbor's share of the maintenance costs of the shared 800 MHz simulcast system.

The cost of maintaining the system is allocated based on the number of radios that use the 800 MHz system. The current cost for each radio is \$40.00 per year. The City currently has 640 radios that use the system; therefore, our cost of maintaining the system annually is \$25,600.00. Each Service Area is responsible for the costs of the radios assigned to their work area. The Engineering/Transportation Service Unit of the Public Service Area receives internal transfers from each Service Unit and pays Washtenaw County, who is responsible for the maintenance and upkeep of the system.

**Budget Impact:** The FY 20 share of the maintenance of the shared 800 MHz Simulcast System is included in the approved FY 20 Engineering/Transportation Central Stores Operations and Maintenance Budget.
