Resolution to Approve the Renewal of the City's Contract with Blue Cross Blue Shield of Michigan to Provide Administrative Claims Processing Services and Related Stop-Loss Insurance Coverage Through BCS Insurance Company for the City's Health Care Plan on Behalf of Employees and Retirees and Their Dependents, and to Authorize the City Administrator to Execute the Necessary Documentation (\$2,051,303)

The attached Resolution authorizes the City Administrator to execute the renewal of the City's contract for administrative claims processing services for the City's health care plan and purchase of a related stop-loss policy. Blue Cross Blue Shield of Michigan will continue to provide administrative claims processing services for the City's health plan for the period of January 1, 2021 through December 31, 2021. The annual estimated cost for claims administration provided by Blue Cross Blue Shield of Michigan is \$1,208,909. BCS Insurance Company, a subsidiary of Blue Cross Blue Shield of Michigan, will continue to provide stop-loss insurance for the period of January 1, 2021 through December 31, 2021. The annual estimated cost for the stop-loss insurance provided by BCS is \$842,394.

Public Act 106, requires the City to competitively bid our medical, dental and vision coverage every three years. MMA, our healthcare advisor, conducts the bidding on our behalf and recommends a service provider. We completed this bidding process in the fall of 2019 for plan year 2020. BCBS remained the best option for medical claims processing. As for stop loss insurance, MMA bids this annually. Last year we switched providers from BCBS to BCS because BCS was able to include prescription costs in our stop loss coverage at a competitive rate.

Budget/Fiscal Impact: The necessary funds were appropriated as part of the FY21 approved Risk Fund budget through June 30, 2021. Required funding for the portion of the contract term from July

1, 2021 through December 31, 2021 will be budgeted in the FY22 Risk Fund budget. The estimated annual cost for the calendar year of this employee benefit is \$2,051,303, which covers the administrative claims processing and stop-loss coverage.

The Blue Cross Blue Shield Community Blue Preferred Provider Network (or its equivalent) is provided for under our current labor agreements and our employee benefits program. This contract continues services now in effect.

The overall costs for the program will fluctuate monthly depending both on the number of employees and retirees enrolled in the program during any given month, and the amount of incurred claims actually paid during any given month.

The benefit coverage levels will remain the same for the FY21 as currently underwritten. Also, the City is adding the following benefits beginning in 2021: Telemedicine benefits for all active employee medical plans; coverage for the COVID-19 vaccination for all plan participants (employees, retirees and their covered dependents) at no cost share. Also, the stop-loss benefit coverage will prospectively include a no new laser provision which prohibits BCS from excluding members with pre-existing conditions for the calendar year 2021 whereas such provision was excluded in 2020;
