Resolution to Approve FY 22 Allocations for 6-month Transition Grants to Non-Profit Entities for Human Services - \$633,765 (General Fund)

Attached for your consideration is a resolution to approve FY 2022 General Fund allocations to non-profit entities for human services, totaling \$633,765.

On October 16th, 2017 through resolution R-17-394, the City approved a continuation of the coordinated funding process for human services funding in partnership with Washtenaw County, the Ann Arbor Area Community Foundation (AAACF), the United Way of Washtenaw County (UWWC), the Washtenaw Urban County, and Saint Joseph Mercy Ann Arbor (SJMAA). Through resolution R-20-196 the City approved an additional one-year continuation, which ends June 30, 2021.

On June 15, 2020, through resolution R-20-216, the City approved the FY 21 Allocations to Non-Profit Entities for Human Services.

DISCUSSION:

Over the last few years the Coordinated Funding partners (including City of Ann Arbor) had identified the desire to change and redirect the partnership, adding in a focus on equity and work towards addressing racism, poverty and trauma. Work had started on shifting the partnership and model, however, that work was put on hold last year as we shifted staff to immediate pandemic response activities in 2020.

In early fall, the Ann Arbor Area Community Foundation announced that they were exiting the partnership. The remaining partners (Washtenaw County, City of Ann Arbor, United Way and SJMAA) are interested in seeing if there can be a future partnership for human services funding with more of an equity focus, however those details are yet to be developed.

Current Coordinated Funding grants were extended through June 30, 2021. Staff at Office of

Community & Economic Development have been working on establishing the values and goals of the public funders for this new partnership. As this work continues and is expected to expand over the summer to include elected officials, community partners and community voices, we recognize that additional time would be needed to thoughtfully develop a new process.

At this time we do not recommend an extension of Coordinated Funding. Instead, we recommend transition grants for previous Coordinated Funding grantees who are providing safety net and COVID response services to priority populations.

The public funds through the City of Ann Arbor, Washtenaw County and Washtenaw Urban County are directed to previous Coordinated Funding grantees as transition funds intended to maintain the safety net and ongoing COVID response activities-not to extend the initial program operations grants previously awarded. Previous Coordinated Funding grantees may describe this as a decrease in funding for the 6-month period. The public partners are providing their fully budgeted 6-month funding in the form of transition grants. St. Joseph's of Ann Arbor is not able to participate in transition funding. Washtenaw County Community Mental Health has graciously offered to cover what would be their 6 months of transition grants, in order to allow funds to reach other community partners also providing safety net services.

In the recommendations, staff reviewed the transition funds from the United Way and Ann Arbor Area Community Foundation with the goal of maximizing the funds going to previously funded Coordinated Funding grantees during this transition period. The result was that most grantees will be receiving approximately 93% of their original funding, for 6 months. There will be a few exceptions due to UWWC and AACF running unique and separate processes for transition funding.

The recommendation for \$633,765 in Human Services General Funds reflects what would be 6 months of the budgeted Coordinated Funding allocation, and still includes \$20,000 allocation for the Barrier Busters Emergency Unmet Needs Fund for FY22, based on FY 21 resolution # R-20-216. The remaining funds will be utilized in the future Human Services partnership, as developed.
