Resolution to Approve a Purchase Order to AmeriNet of Michigan, Inc. for the Purchase of Networking Equipment, Software and Related Services to Replace Legacy Data Center equipment and upgrade the City's Data Center Network to a Fabric Connected Network (\$106,569.35) (GSA Schedule IT 70 - GS-35F-0511T)

Attached for your review and action is a resolution approving a purchase order to AmeriNet of Michigan, Inc. in the amount of \$106,569.35 to purchase the required networking equipment, software and related services to replace legacy Data Center equipment and upgrade the City's Data Center network to a Fabric connected network.

AmeriNet of Michigan, Inc. continues to be the best source for provision of Extreme Networks hardware, maintenance and software support to the City. AmeriNet of Michigan, Inc. provides discounted pricing by Extreme Networks directly via GSA Schedule IT 70 - GS-35F-0511T.

Information Technology will replace the Data Center network equipment that has been in service for roughly 11 years and is at the end of its useful life. Information Technology normally replaces network equipment on a 5 to 7 year renewal schedule.

In addition to remediating legacy network equipment, technology built into the new network hardware will provide additional state-of-the-art security against unwanted attacks, be easier to manage and administer, will provide redundancy, and will better accommodate the Data Center for the replacement of the Storage Area Network (SAN) project currently underway.

Budget/Fiscal Impact: Funding is available in the approved FY 2022 Information Technology budget.
