Resolution to Approve a Professional Services Agreement with Sam Schwartz Consulting, LLC (RFP 22-57; \$134,271.00) and Appropriate Funds for the State Trunkline Jurisdiction Transfer Study (\$160,000.00) **(8 Votes Required)**

Attached for your review and consideration is a resolution to approve a contract with Sam Schwartz Consulting, LLC (Sam Schwartz) for \$134,271.00 for the State Trunkline Jurisdiction Transfer Study. The purpose of this study is explained in detail in the attached Trunkline Transfer memo that was sent to Council on January 3, 2022. In brief, this study will analyze and attempt to quantify the costs and benefits of the City taking over jurisdiction of the State-owned Trunklines within the City boundary (Jackson Road, Huron Street, Washtenaw Avenue, and North Main Street).

Due to lack of staffing capacity and expertise in many of the tasks needed to perform this analysis, the City issued RFP #22-27 for these services in April of 2022. However, no firms submitted proposals in response to that RFP. City staff reached out to multiple firms that had downloaded the RFP to seek feedback on why they did not submit a proposal. Reasons varied and included staffing capacity, timing, and lack of specific expertise.

However, in the course of these discussions, two firms did indicate interest in the work if they were given more time to prepare a proposal. To that end, the City re-issued the solicitation under RFP #22-57 in June of 2022. One proposal was received on July 15, 2022 from Sam Schwartz Consulting, LLC.

City and DDA staff reviewed the proposal and determined that Sam Schwartz is qualified and capable to perform the work. Sam Schwartz's original fee quotation was for \$159,442.00. However, after negotiation on the project scope, Sam Schwartz was able to utilize some existing available data

sources to reduce their data gathering needs and were able to reduce their fee to \$134,271.00. The full scope of services to be provided can be found in the attached Professional Services Agreement.

Sam Schwartz complies with the requirements of the City's Non-Discrimination and Living Wage Ordinances.

Budget/Fiscal Impact: The total cost of this study is estimated to be \$160,000. This study was not included in the FY 23 budget request; therefore, funding needs to be appropriated. The Major Street Fund Balance is sufficient to fund the study.
