Resolution to Amend the FY23 Downtown Development Authority Parking Fund Budget **(8 Votes Required)** 

The FY23 DDA Parking Fund Budget was compiled in December 2020, during a time of uncertainty related to the pandemic and the parking system's recovery timeline. Due to this uncertainty, the DDA Board intentionally set the budget conservatively, anticipating that if the system recovered faster than expected, a budget amendment might be necessary. An analysis at the 3<sup>rd</sup> quarter projects that FY23 parking revenues may come in as much as \$3,578,400 over original projections.

Certain parking expenditures (including the City 20% payment) correlate directly to revenue levels. Those expenditures are anticipated to come in as much as \$806,100 over original projections.

While this is good news for the parking system and the City, State budgeting guidelines do require that the DDA make a budget amendment to expenditures to allow the organization to meet its commitments to the City and others.

<u>Budget/Fiscal Impact</u>: This amendment represents a net increase of \$2,772,300 to the fund balance of the DDA Parking Fund.
