Resolution to Approve Public Art Enhancement Recommendations for Ann Arbor Public Art Commission Capital Improvements Enhancements for FY24-FY29

Chapter 24, Section 1:833 of City Code requires the Ann Arbor Art Commission to work with staff to make annual recommendation to City Council as to which projects from the current Capital Improvements Plan (CIP) are appropriate for designation as enhanced projects that will include public art, including the approximate amount of each project budget attributable to public art. City Council then approves the list of designated enhanced projects, with or without modification. City Council may modify the list at any time.

The Ann Arbor Public Art Commission has identified projects in the FY24-FY29 Capital Improvement Plan where public art enhancements are recommended, and has proposed budgets for each project. Staff will use the recommendations as guidelines as they establish the final project budget. This resolution does not require a budget amendment.

This resolution approves the Public Art Commission’s recommendations as presented.
