An Ordinance to Amend Sections 4:60, 4:61 and 4:62, and to Delete Section 4:63 of Chapter 49 (Sidewalks) of Title IV of the Code of the City of Ann Arbor (Ordinance No. ORD-15-04)
Please see attached 10-5-15 Supplemental Memorandum.

The Pedestrian Safety and Access Task Force recommends Council adopt the attached ordinance to amend the current City Code provisions regarding requirements for removing snow from sidewalks. The ordinance amendment makes changes to, clarifies, and reorganizes, as summarized below.

The sidewalks to which both the current ordinance and the ordinance amendment apply are defined in Section 4:51(a) as “any concrete or bituminous walkway, or walkway of other materials that is designed particularly for pedestrian, bicycle, or other non-motorized travel and that is constructed (a) in a public right-of-way that contains an improved street or in an easement adjacent and parallel to a public right-of-way that contains an improved street.”

Changes

In Section 4:60(2), the ordinance amendment deletes the words “greater than 1 inch” from the current version, which requires snow removal only of accumulations of “greater than 1 inch.”

In Section 4:61(1), the ordinance amendment provides for one 24-hour notice per season to a property owner before Community Standards will issue a citation and have the sidewalk cleared by the City. Section 4:60(7) is added to define “season.” Currently, each time Community Standards receives a complaint that a residential property owner has not removed snow from adjacent sidewalks within 24 hours after the last accumulation of snow, an officer posts a notice that gives the owner an additional 24 hours to clear the snow to avoid receiving a ticket and being charged the costs that the City incurs to remove the snow. In effect, this means each time a residential property owner fails to remove snow from his/her sidewalks within 24 hours after the most recent accumulation, removal by the City can't occur until at least 48 hours after the accumulation.

Clarifications

In Sections 4:60(1) and (2), the ordinance amendment clarifies that the requirement to remove snow applies to the sidewalk at bus stops adjacent to a person's property, and that the requirement to clear ramps and walks that lead to crosswalks means both marked and unmarked crosswalks.

In Section 4:60(3), the ordinance amendment clarifies the requirements for sidewalks adjacent to property zoned PL (public land).

In Section 4:60(6), the ordinance amendment clarifies that one cannot remove snow from one's sidewalks by placing it on someone else's sidewalks or in the street.

In Section 4:60 (8), the ordinance amendment clarifies the term “owner.”

In Section 4:61(2), the ordinance amendment clarifies that the fine for a citation and the charges for the City to clear the sidewalk are two separate financial consequences for violating these provisions of City Code.

Reorganization

In Section 4:60, the ordinance amendment reformats the three unnumbered paragraphs now in Section 4:60 to become the first three subsections of Section 4:60, and numbers them as subsections (1), (2), and (3).

The provision in Section 4:60(4) of the ordinance amendment is from the second paragraph currently in Section 4:60.

The provision in Section 4:60(5) of the ordinance amendment is from the third paragraph currently in Section 4:60.

The provision in Section 4:60(9) relocates the penalty provision from the current Section 4:63 and simplifies the current language. Section 4:63 is deleted.

In Section 4:62, because Section 4:61 is divided into two subsections, the reference to Section 4:61 is updated to reference Subsection 4:61(2).
