Resolution to Approve 212 S. State Street Site Plan and Development Agreement, (CPC Recommendation: Approval - 6 Yeas and 0 Nays)

Approval of this resolution will allow for the construction of a 6-story, 14,516-square foot residential building for a gross floor area total of 28,172-square feet, which includes the existing Sava's restaurant and office space on site. No vehicular parking is required nor proposed as part of this development.

Petition Summary:

- The Site Plan proposes a 6-story, mid-rise building containing 19 residential units ranging in size from studios to 2 bedrooms. Residential use floor area premiums are not permitted as this site is located in the State Street Historic District.
- A Development Agreement has been prepared to address private drive easements for solid waste pick-up, ingress/egress easements for access to E. Liberty and E. Washington Streets, and for bicycle parking off-site in the 616 E. Liberty site.
- The petitioner addressed issues raised by Planning Commission by adding solar panels to the roof of the proposed development. The HDC granted a Certificate of Appropriateness for the location of the panels.

The City Planning Commission, at its meeting of October 1, 2019, recommended approval of this request.
