Resolution to Approve Home2 Hotel Site Plan and Development Agreement, 361 West Eisenhower Parkway (CPC Recommendation: Approval - 8 Yeas and 0 Nays)

Approval of this resolution will allow for the construction of a new hotel and associated parking, landscaping and stormwater improvements.

Petition Summary:

The petitioner is proposing to construct a four-story, 71,662-square foot, 115 room hotel. The site plan proposes a 115-space parking lot accessed via three curb cuts from Signature Boulevard. Four Class A bicycle spaces and 4 Class C (two for each building) will be provided. Storm water treatment for the site will consist of bioretention islands and underground storage.

- A development agreement has been prepared to address contribution for a non-motorized crossing of West Eisenhower Parkway.
- The petitioner addressed issues raised by Planning Commission by modifying the landscape plan replacing certain landscape plants with more appropriate species, adding EV charging stations and modifying the front facing West Eisenhower road elevation to increase architectural distinction.

The City Planning Commission, at its meeting of June 16th, 2020, recommended approval of this request.
